

## Our multidisciplinary team is our strength

### Lymphedema Certified

Lake Huron Medical Center Physical Therapy and Outpatient Rehabilitation offers advanced lymphedema treatment services delivered by one of the areas only Certified Lymphedema Therapist.

### Certified Hand Therapy

Through the Hand Therapy Certification Commission, a Certified Hand Therapist provides occupational therapy and rehabilitation to patients who experience conditions affecting the hands and upper extremities. Therapy enables patients to hasten their return to a productive lifestyle.

### Aquatic Therapy

In partnership with Lake Huron Medical Center, the YMCA Healthy Living Center provides outpatient physical and aquatic therapy rehabilitation and restorative patient care services. We are dedicated to improving our patients' quality of life. All of the therapy programs are designed with personalized goals in mind.

### VitalStim®

The VitalStim® Therapy System is an additional method of therapy, performed by a Certified Speech Therapist, which unites the power of electrical stimulation with the benefits of swallowing exercises to traditional therapies. Combining VitalStim and traditional therapy allows clinicians to accelerate strengthening, restore function, and help the brain remap the swallow.

## Lake Huron Medical Center Physical Therapy and Rehabilitation Services

PHYSICAL, OCCUPATIONAL  
AND SPEECH THERAPY  
working toward a more functional,  
productive way of living.

Lake Huron  
Medical Center

Have you experienced an injury or a condition that is causing you pain prohibiting you or making it difficult for you to complete activities of daily living? Physical therapy and outpatient rehabilitation is a medical specialty that remediates impairments and promotes mobility, function, and quality of life.

## Why choose Lake Huron Medical Center Physical Therapy and Outpatient Rehabilitation?

Lake Huron Medical Center Physical Therapy and Outpatient Rehabilitation offers the latest techniques and treatments ensuring our patients achieve a speedy and healthy recovery.

## EXPERIENCED PROVIDERS

When it comes to your health, experience matters. Our professionals draw from years of experience and knowledge to deliver the best quality of care possible and are licensed and certified in physical and occupational therapy as well as in speech and language therapy.

## TEAM APPROACH

You'll join a team of therapists who will work together with you and your physician to find solutions tailored to your medical and personal needs.

We value your input and know it is crucial to achieving positive outcomes, and together we'll reach effective therapy decisions.

## CONVENIENT CARE

We offer convenient physical therapy and rehabilitation services at a wide variety of outpatient locations throughout the Blue Water Area, keeping quality care close to home. We also offer early morning and late afternoon appointments and convenient parking at all locations.
